Fruit Preparations

Depending on our clients' requirements, we supply vegetable and fruit preparations in various sizes for different types of spoonable products, as well as multiple forms of dairy drinkables, including but not limited to Greek yoghurts. With the move to healthier options, we also supply low sugar/sugar free preparations and solutions.

Stabilizers

When it comes to stabilizers, we work with a cost effective reliable partner with over 40 years of experience offering concentrated stabilizers that provide optimal results. This means that quantities you require annually are reduced, storage areas are optimized, shipping costs are saved, hence improving your bottom line. Proven track record taking over global conglomerates in this field.

Fructose

One of the leading suppliers of crystalline sugar powder across continents to food and beverage manufacturers. Moreover, our sizeable positioning in the fructose market for the molasses industry, supplying the entire region is something we are extremely fond of.
